6. Improve functionality: breakdown the site into to improve navigation. It seems a bit cluttered and is not intuitive at all.
   - Breakdown tasks: I'm happy to work on the front end
7. Questions for MBARI
   - Who exactly is supposed to use this site? Is it only MBARI employees who will add divers and update all the information?
   - Can divers register on their own, update their information and log in dives?
   - Do we need to account for different types of users with different levels of access?
